

K-LOVE is the only radio station that I listen to. It inspires me and lifts me up. It encourages me throughout the day.

If K-LOVE was taken off the air I would feel lost. We have many christians in our local community that would be extremely disappointed if K-LOVE was taken off the air. I think that K-LOVE has such a positive effect on peoples lives. I know that my kids would be devastated. My daughter is 9 and she listens to K-LOVE all the time. She loves the songs and knows most of the words to them.

I think that the service provided by K-LOVE is helping so many people find Christ and is helping to save so many souls. I love hearing the testimonies from different people because I can relate to alot of them. Please keep K-LOVE on the air for my children's sake and the sake of all those who have not yet found Christ.
